

SYAC10 – 16 Point AC Output

10/17/2018

		Specifications
Number of points		16 points
Rated load voltage		85~264 VAC, 50~60 Hz
Max. load voltage		270 VAC
Max. load current		0.6 A/pt, 4.8 A/com
Max. 1-cycle peak current		20 A
Min. leakage current		2 mA
Response time	OFF→ON	1/2 cycle less 1 ms
	ON→OFF	Less than 1/2 AC cycle
Max. voltage drop at ON circuit		1.5 V (rms)
Common terminal arrangement		8 points/common
Fuse		2 fuses of 5 A each
Internal current consumption		200 mA (all points ON)
Error Display LED		LED goes ON when fuse blows or no external power
Operating indicator LED's		ON state is indicated
External Connection		20-pt. terminal block connector, max. wire size #14 AWG
Weight		370 g
